

## Press Release

**SMA power splitters -small in size, small in price, and big on features.**

### **They're ZX10 power splitters from Mini-Circuits!**

These splitters have extremely wide bandwidths so you can cover all of your applications with only a few units. Each easily mountable model is less than  $\frac{3}{4}$  " in size, so you conserve real estate in laboratory production, and system environments. And thanks to exclusive patent pending unibody construction, ZX10 splitters are rugged and phenomenally low in price. All models are IN STOCK! So contact Mini-Circuits now for individual units, or buy the 2MHz to 12.6GHz Designer's Kit for the lab, and never get caught short. Have the signal splitting power you need, on hand when you need it, with ZX10!

*K1-ZX10 Designers Kit*  
1 of Each Model (7 total) \$199.95  
FREE Deluxe Wood Storage Case!
